Canada needs an affordable child care plan for all

We, the undersigned, call on Canada's federal political parties to endorse the Affordable Child Care for All Plan, which includes:

- $1 billion for child care transfers to the provinces/territories in the first federal budget following the 2019 federal election; an additional $1 billion each year to make affordable, quality and inclusive early learning and child care a reality for all families by 2030;
- Federal/provincial/territorial agreements to expand the availability of early learning and child care, improve quality and make it affordable for all;
- Federal legislation to ensure all children have access to high-quality, inclusive, early learning and child care;
- An early childhood education workforce strategy to make possible the provision of high-quality services.
